The Leadership Team,
AIC Fellowship Eldoret,
P.O. Box 30100,
Eldoret, Kenya.

Dear Reverend and Church Leadership,

RE: REQUEST TO HOST TECHLABS MASHINANI DIGITAL LITERACY BOOTCAMP AT AIC FELLOWSHIP – HOLIDAY SESSION

On behalf of EldoHub Innovation Centre, we respectfully seek your partnership and permission to host a TechLabs Mashinani digital literacy bootcamp at AIC Fellowship Eldoret during the current school holiday period.

EldoHub is a youth-centered innovation and technology hub based in Eldoret, committed to equipping individuals, especially youth and women with digital literacy, responsible technology use, and 21st-century problem-solving skills. In line with our mission and community outreach, we have been running TechLabs Mashinani, a digital empowerment program across schools and community centers in various counties.

We believe AIC Fellowship Eldoret offers an ideal environment and audience to positively impact the local community through technology. The proposed bootcamp will be conducted during the holidays and can be scheduled flexibly to accommodate the church's calendar and activities.

In recognition of growing concerns around child safety in the digital space, this initiative will integrate key child protection components, including:

- Online Safety: Educating learners on safe internet practices, protection of personal data, navigating social media responsibly, and how to recognize and report cyberbullying, scams, and online predators.
- Gender-Based Violence (GBV): Creating awareness about digital forms of GBV, such as online harassment and exploitation, while empowering learners, especially girls to use technology safely and confidently.
- Mental Health in the Digital Space: Promoting digital wellness by addressing the effects of screen time, social media pressure, and cyberbullying on mental health. The program will include strategies for digital balance, resilience, and emotional support.

We humbly request:

- Use of church space (hall or classrooms) to conduct the bootcamp.
- Support in mobilizing youth and interested church members to register for the training.
- Flexibility to align the training schedule with the church's calendar and programming.

We believe this partnership aligns with the church's mission to equip and empower the community spiritually and practically, and we would be honored to work together to make this initiative a success.

We are happy to provide more information and engage in further planning discussions at your convenience.

Thank you for considering our request. We remain available for any further information or clarification.

Yours faithfully,

Chepkemoi Magdaline

Director
